Re: Notice of Transfer Between Appropriations for SFY 2007

This is to notify you that pursuant to 2006 Iowa Acts, chapter 1184, section 8, subsection 4, the Department of Human Services is making the following appropriation transfers for SFY 2007:

GENERAL FUND

Transfer To:

Department of Human Services – Family Investment Program	\$1,600,000
--	-------------

Transfer From:

Department of Human Services – Child and Family Services	\$1,600,000
--	-------------

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES BLOCK GRANT

Transfer To:

Department of Human Services – Child and Family Services	\$1,600,000
--	-------------

Transfer From:

Department of Human Services – Family Investment Program	\$1,600,000
--	-------------

REASON AND AUTHORITY FOR TRANSFER:

As a condition of receiving federal funds under the Temporary Assistance for Needy Families (TANF) block grant, states must spend state funds to meet maintenance of effort (MOE) requirements. States must also meet TANF work participation requirements.

By moving additional state funds/expenditures to FIP, where these can be considered to be MOE, Iowa will be able to exceed its minimum TANF MOE requirement for FFY 07. To the extent that Iowa exceeds its minimum MOE requirement, FIP cases funded by the excess are excluded from the caseload reduction calculation, thereby increasing the credit. Increasing the credit helps the state meet its TANF work participation requirements as the required work participation rate is decreased by the same percent as the caseload reduction credit. A higher FFY 07 caseload reduction credit will better enable Iowa to meet FFY 08 work participation requirements.

2006 Iowa Acts, chapter 1184, section 8, subsection 4, authorizes the department to transfer federal TANF and state general funds between specified appropriations, including appropriations for the Family Investment Program and Child and Family Services, for MOE purposes, provided

the overall funding for each appropriation remains the same before and after the transfer. By transferring \$ in federal TANF funds from the SFY 2007 FIP account to Child and Family Services and transferring \$ in state general funds from Child and Family Services to FIP, the combined amount of state and federal TANF funding remains the same before and after the transfer.
